## REPORT FOR TUESDAY 19TH JANUARY

### **319 Prime Hoggs**

A better entry this week after tremendous prices achieved in last's week's sale, with hogg entries up by nearly 50% and ewes up by over 230%. Trade has been mixed around the country in many markets, with the closure of some abattoirs due to the pandemic. Our entries sold well on the interesting and testing breeds forward, nothing wrong with them but native and local breeds don't hang up like commercial hoggs bred for the system.
