◆AUCTIONEERS◆

Dispersal Sale – Saturday 15th October 2016

The last sale of a very hectic week on the above day was held at Banbury Self Pick, Banbury, Oxon. The property had been sold and, as always, the only sensible way to clear the premises was to hold a genuine dispersal auction.

There were some 800 lots on offer and veteran auctioneers, Andrew Wager and Brian Pile, managed to complete the selling by 4.30pm. It's a long time since we have seen so many potential buyers at a sale, with a good crowd at 9.00am, some 2 hours before the start.

There was a diverse range of horticulture products and agricultural machinery, with keen competition from the start. Some may have looked at it and questioned if you could make a sale of it, well we certainly did and if you are considering a sale of any description please contact any of our auctioneering team, who will be pleased to visit you and give you some very sound professional advice. You can make a sale of most things if you employ the right people.

As you would imagine prices varied greatly, from an odd unsaleable item, to £5300. Some of the lots sold were as follows :-

Case 885XL 4WD Tractor £5300, MF 550 2WD Tractor £3000, MF 135 2WD Tractor £2800, MF Narrow 135 2WD Tractor 2600 and all these tractors had stood outside.

Mazda B2500 Pick-up £950, Ransome 3 Furrow Reversible Plough £1000, Ransome 4 Furrow Reversible Plough £650, Ransome 2 Furrow Plough £720, MF 3 Ton Grain Trailer £580, Ransome Potato Harvester £400, Rekord Power Harrow £560, Lesley Power Harrow £440, Parmiter Post Rammer £720, Log Splitter £410, Cherry Muck Grab £700, Wessex Topper £300, Vintage Lister Engine & Generator £140, Wooden Posts to £45 Per Lot, Christmas Tree Stands to £30 Per Lot, Lots of Compost to £145, Generators £115, Greenhouses £80, Polly Tunnels £130 and Galvanised Sheets £100, with a vast selection of other items from £1 and upward.

This was an excellent sale and provided a quick, profitable and efficient way of clearing a premises.
